

## MOS Scholarships for 2017

The Maryland Ornithological Society (MOS) awards ecology or ornithology scholarships to Maryland teachers and naturalists for summer workshops at either the National Audubon Society's camp on Hog Island in Maine or to the Maryland Birds and Habitats program at Washington College on Maryland's Eastern Shore. Each award covers the cost of tuition, room and board for an extensive five- or six-day course of study and instruction in ornithology, ecology, conservation, and natural history. Travel arrangements and costs are the recipient's responsibility.

Up to ten scholarships may be awarded annually. Maine workshop selections may vary from year to year and are listed on the [2017 Scholarship Choices](#) document. For information about the Maryland residential workshops, please refer to <http://www.ymos.org/educator-resources>.

Scholarship recipients must work with young people. Teachers, camp counselors, park rangers, naturalists, and others who intend to make nature education a part of their careers are eligible. Applicants need not be members of MOS, but must be endorsed by a chapter or a member of MOS. Please refer to [2017 Scholarship Fact Sheet](#) for more information or contact the Scholarship Chair directly: [Scholarship Chair](#).

A [2017 Flyer](#) is available if you wish to post or email it to others.
