Many of Maryland’s finest teachers and naturalists have expanded their ecology and birding knowledge through these workshops. Join educators from around the country for a hands-on wildlife or ornithology camp.

Ecology and Ornithology Workshops

The Maryland Ornithological Society (MOS) is accepting applications from Maryland teachers, youth leaders, park rangers and nature and environmental center staff for scholarships to attend a week-long ecology and ornithology workshop on Audubon’s beautiful Hog Island in Maine. Each award covers the cost of tuition, room and board for an intensive course of field study and instruction covering ornithology, ecology, conservation and natural history.

Scholarship Information

MOS will award multiple scholarships each summer. Travel expenses are the responsibility of the recipient. For additional information check the MOS website links (below) or contact the Scholarship Chair.

Three workshops are offered in 2022. These are tentative dates.
